

NEWMAN WINS SA STATE VETS TITLE ON KX450F

SA Dirt Bikes Race Team rider Dale Newman has smashed the competition at the SA MX Vets State Championships by winning every race of the 5 round series on board his Kawasaki KX450F. After winning the Series in 2007, Dale sat out the Series in 2008 and has now come back stronger than ever in '09. The Kawasaki rider was never challenged in his Title chase.

If racing in the SA MX Vets State Championships wasn't gruelling enough, Newman had to race Sunday's final after competing at the first round of the Road Trials Series just hours beforehand. Dale finished racing on Saturday at 7:30pm, returned home at midnight and in a dazzling display of fitness, came out firing on Sunday to take the win.

Dale Newman says "The KX450F is unreal this year! The fuel Injection is great, it's unbelievable how good it really works. I love this bike, it does everything I want and makes racing all too easy."

"The crew at SA Dirt Bikes do such a good job on my bikes and everything is always sorted out for me so I can just rock up and race. A big thanks to the whole shop for their support."

Dale Newman now turns his attention to the Road Trials Series and the 24 Hour Trial, with aspirations to win these too.
